That the amount appropriated for "Maintenance" of the School of Science, under Vote 23, is exhausted, and that the sum appropriated for "Expenses" of the School under the same vote is nearly exhausted.

The exhausted condition of the Maintenance account is due to the underestimation for Repairs and alterations on the old buildings, on fuel and the pay lists, by the Public Works department on account of work about the new buildings, while the necessity for an increased appropriation on "Expense account" is due to the expansion of the laboratories to meet demands of increased attendance and of incidentals for the new buildings.

Copy of a Minute of the Treasury Board, dated the 13th day of October, A.D. 1905.

Upon consideration of the report of the Honourable the Minister of Lands and Mines, dated the 5th day of October, A.D. 1905, the Treasury Board doth hereby pursuant to the provisions of Section 20, Cap. 23, R.S.O., 1897, authorize the issue of a warrant for the sum of Twelve thousand dollars ($12,000) in favour of the Honourable the Treasurer, to meet payments for Land and Timber Agents salaries and disbursements, the appropriation for said service being inadequate to the claims thereon for the current year.

To the Provincial Auditor:—

The undersigned has had under his consideration the annexed report of the Director of the Bureau of Mines representing that by reason of unusually large expenditures on account of extra clerks and advertising during the current year, the appropriation for Bureau of Mines Contingencies has been exhausted, and stating that a further sum of $750 will be required to meet unavoidable expenditures on these and other services during the remainder of 1905.

Being satisfied that this amount is required, the undersigned recommends that a Treasury Board Warrant be issued for the said sum of $750.00.

F. COCHRANE,
Minister of Lands and Mines.

TORONTO, November 21st, 1905.

The undersigned begs to draw the attention of the Minister to the fact that the appropriation of $2,900.00 on account of Bureau of Mines Contingencies for 1905 has become exhausted, mainly because of the increased work which has devolved upon the Bureau in consequence of the unusual activity in mining matters during the present year. The rich ore discoveries at Cobalt and neighborhood have led to a much greater volume of correspondence, and extra clerks and stenographers have had to be employed to enable the work to be promptly and efficiently performed. In addition to this the expenditure for advertising has been considerably larger than usual, partly because of the establishment of the Temiskaming Mining Division in April of the present year, and partly because of the determination to cancel mining leases in arrear, of which action public notice was given by advertising in a number of newspapers.

A comparison of these two items for the years 1904 and 1905 (up to the present date) is as follows:

Extra Clerks—		
1904	$136 00	
1905	712 00	
Excess		$576 00
Advertising—		
1904	$195 00	
1905	680 00	
Excess		485 00
Total		$1,061 00

In order to provide for the unavoidable expenditures on Contingencies for the remainder of the present year, the sum of $750.00 at least will be required to meet the salaries of extra clerks, accounts for advertising, etc., not yet paid, printing and postage, the proportion of which last-mentioned service chargeable to the Bureau's account has not yet been debited in the Department's books.

THOS. W. GIBSON,
Director.

TORONTO, November 21st, 1905.

Copy of a Minute of the Treasury Board, dated the 27th day of November, 1905.

Upon consideration of the report of the Honourable the Minister of Lands and Mines, dated the 21st day of November, A.D. 1905, the Treasury Board doth hereby order that pursuant to the provisions of Section 20, Cap 23, R.S.O., 1897, the sum of Seven hundred and fifty dollars ($750) be placed to the credit of the Honourable the Treasurer, to meet payments for the balance of the current year on account of contingencies in connection with the Bureau of Mines, the appropriation therefor having become exhausted.

J. LONSDALE CAPREOL,

TORONTO, 30th November, 1905.

SIR,—The undersigned has the honour to report for the information of the Provincial Auditor that, owing to the increased expenditure for advertising, stationery, postage, and the services of extra clerks, who have been engaged in the preparation of returns for the House, information for the cancellation of Mining Leases, etc., the appropriation for contingencies has been exhausted and a further sum of $2,000 will be necessary to meet the payments for the balance of the year.

The undersigned therefore respectfully recommends that a further appropriation of $2,000 be granted under authority of R.S.O. 1897, Cap. 23, Sec. 20, to meet the claims against the above service.

TORONTO, 10th January, 1906.

SIR,—I beg to advise you that, owing to the amount of temporary clerical assistance required to meet the large increase in the current work of the Bureau of Mines, the quantity of paper required for printing and lithographing in connection with the annual report of the Bureau of Mines which, for 1905, was in three parts and much larger than usual, the greater expenditure found necessary for advertising, and other causes, the appropriation for Bureau of Mines contingencies voted for the year 1905, which was augmented by a Treasury Board warrant for $750 has proven insufficient for the requirements of the service, and the following accounts remain unprovided for:

Warwick Bros. & Rutter, printing	$172 85
King's Printer, stationery for Oct. and Nov. ...	126 50
Postage, twelve months	194 56
Local Master of Titles, Sault Ste. Marie, cancelling leases	44 10

together with a few smaller items.

The undersigned accordingly begs to suggest the expediency of issuing another Treasury Board warrant for the sum of Six hundred dollars ($600) to be placed at the credit of the vote for Bureau of Mines expenses, in order that the said accounts may be paid.

Very truly yours,

The undersigned respectfully reports to the Provincial Auditor:

That the amount appropriated for colonization roads in the Estimates for 1905 is exhausted, as shown by the accompanying report of Henry Smith, Superintendent of Colonization Roads; that the attached accounts for inspection, amounting to $5,500, are due, and it is hereby desired that authority be given under Act R.S.O., Chapter 23, Section 20, for the payment of these accounts.

J. O. REAUME,
Minister of Public Works.

DEPARTMENT OF PUBLIC WORKS, ONTARIO.

HON. J. O. REAUME,
Minister of Public Works,
Ontario.

SIR,—About 25 years ago the amount provided in the Estimates for colonization road inspection was $4,000.

In the year 1891 this amount was raised to $6,000, and has practically stood at that amount ever since.

The inspection, however, has generally exceeded the amount of the appropriation, the balance being provided out of the total grant for colonization roads.

Provision was this year made in the same way for inspection, but owing to a recent rule in the Audit Department the attached accounts cannot be paid in this way, consequently, a Treasury Board Order will be required to meet these payments. If this is done a balance to this extent will stand to the credit of colonization roads.

I have the honor to be,

Sir,

Your obedient servant,

DEPARTMENT OF PUBLIC WORKS, ONTARIO,
MINISTER'S OFFICE,
TORONTO, ONT., November 16th, 1905.

The undersigned begs to report to the Provincial Auditor:

That owing to certain unforeseen repairs required to the Main Building and Medical Superintendent's residence at the Asylum for Insane, Toronto, and for which no provision had been made in the Estimates, a number of accounts, amounting to $2,238.52, as shown by the accompanying report of F. R. Heakes, Provincial Architect, remain unpaid; and it is hereby desired that authority be given under R.S.O. Chapter 23, Section 20, for the payment of these accounts.

J. O. REAUME,
Minister of Public Works.

DEPARTMENT OF PUBLIC WORKS, ONTARIO,
TORONTO, ONT., Nov. 10th, 1905.

HONOURABLE DR. REAUME,
Minister of Public Works,
Ontario.

SIR,—I have the honour to report regarding W. T. Stewart & Co.'s accounts herewith attached, for the sums of $1,337.92 and $900.60, making a total of $2,238.52, for work done by them on the roofs of the Main Building and Medical Superintendent's residence, Asylum for Insane, Toronto. The total amount, with

the exception of $81.70, is for the Main Building. In my report to you of June 3rd, I explained the condition the roofs were in, referring to the Main or Centre Building; later on I made a further examination of the Wings and found that, in some places, these portions of the roof were even worse, if possible, than the Central Building; in places large patches of slate were entirely perished and falling to pieces and quite beyond repair, which made stripping and reslating of same absolutely necessary. The galvanized iron, flashings, hips and lining of the gutters at eaves were badly corroded and leaking. They have all been repaired or renewed.

Considering the vast extent of the roofs, the length from end to end being 1,162 ft., the amount of expenditure is not large in proportion to the amount of work done, and nothing has been done that was not absolutely necessary; as I mentioned in my report to you of June 3rd, the least possible amount has been expended on these roofs from year to year, such slight repairs were made from time to time as were necessary and which could only be considered as temporary as we were given to understand that it would only be a short time before the building would be sold and the Institution removed to another location.

The work was carried on under the supervision of Mr. B. O'Byrne, General Clerk of Works, who has checked the measurements and vouched for their correctness. The time of the men employed was kept by the Engineer of the Institution, Mr. Noble. The prices are fair and reasonable, being the usual prices charged for this class of work. I have therefore certified to the accounts and recommend payment of the same.

I have the honor to be,

Sir,

Your obedient servant,

F. R. HEAKES,
Architect.

Recommended for payment.

A. W. Campbell,
Deputy Minister of Public Works.

SIR,—I have the honour to report that the sum appropriated at the last Session of the Legislature for contingencies of the Department of the Secretary and Registrar has been overexpended by the sum of $456.89, and it is estimated as follows, that a further sum of $2,250 will be required for the contingencies of the Department for the balance of the current year:

Company forms on order	$283 50

Automobile forms on order	25 00

Further estimate	180 00
Cost of Special Investigations	250 00
Already overexpended	456 89

This overexpenditure has been incurred on account of temorary clerks being required to perform the extra work in the Department caused by amendments in the Act respecting the operation of Motor Vehicles on the Highways, and the Act

respecting the Solemnization of Marriage, by the appointment of many Issuers of Marriage Licenses, and on account of the necessary printing and stationery required for these purposes.

The undersigned respectfully reports that the appropriation for the Administration of Criminal Justice in the Counties is exhausted, and that a further sum of twelve thousand dollars ($12,000) is required to cover accounts received and still unpaid. The increased expenditure would seem to be due to the prolonged sittings of the courts, and the incidental expenses connected therewith under the criminal law.

The undersigned, therefore, respectfully recommends that authority be given under R.S.O. 1897, cap. 23, section 20, for the issue of a warrant of twelve thousand dollars ($12,000) to cover the above mentioned accounts.

DEAR SIR,—The appropriation for Western Dairy School is exhausted and an overdraft of $127.29 has been made. The expenditures have slightly exceeded our calculations, and it was found advisable to increase the salary of the Director. To meet this overdraft and to provide funds for the School for the month of December, preparatory to the opening of the same at the beginning of the year, a further sum of Five hundred dollars ($500) will be required, and I therefore request that pur-

suant to Section 20, Chapter 23, R.S.O. 1897, you will be pleased to recommend that a Treasury Board warrant be issued for the sum of Five hundred dollars ($500).

DEAR SIR,—The appropriation for contingencies in connection with the Factories Inspectors Branch is exhausted, and it is necessary to provide funds for the continuance of the work to

the end of the year. During the present year, the travelling expenses of the Inspectors have been materially increased, the appointment of a new Inspector has made demands exceeding our expectations, and we have found it necessary to employ extra help to complete the office records. It is in the interest of the public service that the work of inspection be continued without interruption to the end of the year. I therefore request that pursuant to the provisions of Section 20, Chapter 23, R.S.O. 1897, you will recommend that a Treasury Board warrant be issued for the sum of Six hundred dollars ($600) for the payment of contingencies.

TORONTO, October 19th, 1905.

DEAR SIR,—Various appropriations in connection with the Agricultural College and Experimental Farm have been exhausted and are inadequate to meet the requirements of the year.

Two additional teachers have been added to the Macdonald Institute and, therefore, we require $1,200 more for salaries and wages.

For maintenance of the laboratories in connection with the Institute, we require $1,000 additional,—it was impossible at the beginning of the year to determine exactly how much these new laboratories would cost.

In the College, through re-arrangement of the work, a new department has been added and an additional laboratory equipped, so that we require $500 additional for College laboratory maintenance.

In the maintenance of the College Dining Room it has been found necessary to increase certain supplies, and, therefore, we require $75 for bread and biscuits and $600 more for groceries, butter and fruit.

The advertising has exceeded our estimate and we require $500 for advertising, printing and postage.

Because of the amount of work and the increase in wages of domestic servants, we require $170 aditional for women servants at the College.

The votes for the telephone service and sewage disposal are inadequate and we request $127.50 for the former and $5.00 for the latter.

To meet overdrafts in the Farm Department, we require the following: farm seed, $29.14; tools and implements, $202.02; furnishings, $192.48. The holding of a Fall Sale of Stock has demanded more advertising than was contemplated, and, to meet accounts now due, we require $87.50 for advertising, printing and stationery.

The wages of teamsters were advanced on April 1st. To meet this we require $38.00 in the Experimental Department and $54.00 in the Horticultural Department.

In the Estimates a grant was made for an assistant in the Experimental Department. Other arrangements dispensed with his assistant and the work was done by extra help. To pay for this we require $390.00 for additional labor.

The vote for furnishings, repairs and blacksmithing was found inadequate and we require $50.00 additional.

In the Horticultural Department we require $800 to complete the salary of the Assistant Gardener, and $75.00 addi-

tional for extra laborers required to complete the work. The vote for manure has proved inadequate, and we require $26.00 in addition. To meet overdrafts on implements, furnishings and repairs, and complete orders found necessary for carrying on the work we require $215.00 additional.

In the Poultry Department we require to meet an overdraft of $40.00 on purchase of stock. In furnishings and repairs the amount required has exceeded our estimate, and we request $143.00 additional, and, for the same reason, $105.00 for feed.

In the Dairy School there is an overdraft of $154.40 for wages of Instructors and Janitor, through the omission of one assistant. To complete the equipment for the work beginning in the new year, we require $200 additional for Dairy School Appliances. There is an overdraft of $11.44 for fuel to be met.

The furniture, furnishings and repairs of the Experimental Dairy have exceeded our estimate, and we ask for $300, most of which is to meet an overdraft.

The above requests for additional appropriations may be summarized as follows:

College Maintenance	$1,477 50
College Laboratories	500 00
Macdonald Institute	2,200 00
Farm Department	511 14
Experimental Department	478 00
Horticultural Department	378 00
Poultry Department	288 00
Dairy School	365 84
Experimental Dairy	300 00
	$6,498 48

I would, therefore, request that, pursuant to Section 20, Chapter 23, R.S.O., 1897, you request a Treasury Board Warrant for $6,498.48 to cover the above services for the current year.

Yours respectfully,

C. C. JAMES,
Deputy Minister of Agriculture.

TORONTO, November 14th, 1905.

DEAR SIR,—The appropriation for Farmers' Institutes and Women's Institutes have become exhausted, and we are without funds to continue the work during the months of November and December, and to provide for the travelling expenses of our delegates to meetings to be held beginning January 2nd, 1906. Owing to the fact that the January series of 1905 did not begin until late in the month, and the meetings for January, 1906, begin on the 2nd, there will, of necessity, be two January series charged up in the accounts of 1905. Apart from this, the expenses have somewhat exceeded the appropriation provided, I, therefore, request that, pursuant to chapter 23, section 20, R.S.O., an Order-in-Council be passed for the sum of $2,800 to pay the expenses of lecturers at Institute meetings, salaries of officials connected with this branch, together with sundry

accounts and contingencies that must be provided for. The amount required as advances for expenses at January meetings is $1,300. The $1,500 will be required for November and December accounts.

DEAR SIR,—I beg to inform you that in connection with the appropriation for Incidentals there have been presented for payment the following accounts: Warwick Bros. & Rutter, for printing various reports and bulletins, $2,567.51; King's Printer, for paper supplied for these reports and bulletins, $2,864.78; stationery accounts for September now sent forward by the King's Printer, $439.12; total, $5,871.41.

To meet these accounts a further appropriation of $3,398.08 is required. There will also be required a further sum of $1,500 to pay accounts to be presented, and to complete work now in hand.

These accounts have been incurred in connection with the publication of valuable reports and bulletins for the benefit of the agriculture of this Province, and I would, therefore, recommend that, pursuant to R.S.O. chapter 23, section 20, an Order-in-Council be passed authorizing the issue of a Treasury Board warrant for the sum of $5,098.46 with which to meet the payments.

DEAR SIR,—Owing to the unexpected heavy work in the Bureau of Colonization and Forestry, and the consequent engage-

ment of a number of extra clerks and stenographers, and the increased expense of postage and other sundry office expenses, the appropriation for Contingencies has become exhausted. There are now unpaid accounts to the amount of $595.00 which must be provided for. In addition, there will be required $294.00 to complete this work to the end of the year, making in all $889.00 required.

Further, owing to the large expenditure in transportation of immigrant farm laborers, the advertising of the work of the Bureau, and the employment of additional clerks at the distributing office, and the payment of the Salvation Army of the amount of $5,000, the amount appropriated for general colonization work has been found to be inadequate. There are now unpaid accounts amounting to $847.90. In addition to these there will be required $530.00 to carry on the work to the end of the year, making $1,377.90 in all.

Therefore, I would recommend that, under R.S.O. chapter 23, section 20, a Treasury Board warrant be issued for the further sum of $2,266.90 with which to meet contingencies under Colonization and Forestry (vote No. 4, now transferred to Department of Agriculture by Order-in-Council) the general expenditures under Colonization and Immigration.

Yours respectfully,

DEAR SIR,—The appropriation for contingencies in connection with Factories Inspection is inadequate to meet the expenditure. There is an overdraft of $60 to be provided for, in addition two of the Inspectors are out of funds to complete their work for the month of December. To meet the overdraft, provide funds for travelling expenses, and pay miscellaneous accounts that may be presented before the end of the year, we should have an additional amount of $210.

The work of inspection has been rapidly increasing during the present year owing to the great increase in factories, and the work done has exceeded our calculations. Appropriations for contingencies are mainly to provide for travelling expenses of the Inspectors.

I recommend that pursuant to R.S.O. 1897, Chap. 23, Sec. 20, a Treasury Board warrant for the further sum of $210 be issued to meet contingencies in connection with the Factories Inspection Branch.

Respectfully submitted,

DEAR SIR,—The amount appropriated for contingencies for the Department of Agriculture has been inadequate to meet the requirements. It has been found necessary to purchase an additional typewriter and to replace an old one. We have also purchased a memiograph, a duplicating machine for the use of the Department. These three items have involved an expenditure of about $245. Travelling expenses in connection with the departmental work have been greater than we had estimated, likewise postage and stationery. In order to meet the overdraft on this appropriation and to pay accounts yet to come in for the month of December, we shall require a further sum of $600.00.

I therefore recommend that pursuant to R.S.O., Cap. 23, Sec. 20, a Treasury Board warrant be issued appropriating the further sum of $600 for the contingencies of the Department of Agriculture.

Respectfully submitted,

DEAR SIR,—The appropriation for agricultural societies is inadequate to meet our requirements. We have now ready for payment accounts for services and expenses of expert judges at Fall Fairs, aggregating $3,100. For December salaries in this Branch we shall need $125. We require $400 to pay the grants to four Agricultural Societies. To cover December contingencies in connection with this Branch we need $100. The total amount thus needed for all purposes will total $3,725. To meet this we have a balance of $875, leaving $2,850 to be provided for.

I recommend that pursuant to R.S.O. 1897, Chap. 23, Sec. 20, a Treasury Board warrant be issued to provide the sum of $2,850 for Agricultural Societies.

Respectfully submitted,

DEAR SIR,—The appropriation under Agriculture known as "Incidentals" is mainly for the payment of paper and printing of reports and bulletins. It is impossible at the beginning of the year to make an exact estimate of the amount of printing to be done. TORONTO, January 18th, 1906.

DEAR SIR, — The funds available for Colonization and Immigration are inadequate to meet the requirements for 1905. It was deemed in the interests of this work to advertise the method of work and the advantages of settlement in Ontario much beyond the amount originally provided for. A larger number of farm hands have been distributed than expected, and the expenses for this have exceeded the estimates. There are now on hand accounts aggregating $1,629.64, for which there are no funds available. Most of these accounts are for advertising and carriage of immigrants in 1905. It is desirable that these expenditures be entered in the accounts for 1905, and not held over for the new appropriations of 1906.

I, therefore, recommend that pursuant to R.S.O. chapter 23, section 20, a Treasury Board warrant be issued appropriating a further sum of $1,629.64 for Colonization and Immigration.

NOTE.—The large number of Treasury Board Orders issued during the year, is mainly due to a departure from the former practice of treating the appropriations under the Supply Bill as one item, instead of treating each item in the Estimates as for a specific service as has been followed this year.

This, however, does not effect over expenditures where they occur in the several departments.

SPECIAL WARRANTS ISSUED UNDER ORDER OF HIS HONOUR THE LIEUTENANT-GOVERNOR.

TORONTO, August 11th, 1905.

The undersigned has the honour to state for the information of His Honour the Lieutenant-Governor-in-Council that the Temiskaming and Northern Ontario Railway runs through the Temagami Forest Reserve for a considerable distance. This Reserve contains a large body of white pine timber variously estimated at from three billion to five billion feet B.M., and is

the largest body of white pine timber in the hands of the Crown in any one locality in the Province. It would be a public calamity if this timber should be destroyed by forest fires. Although every effort has been made during the past summer, and previously, by putting fire rangers along the line of railway to protect the timber, it has been most difficult to do so, as fires have broken out at various points, and the position has been several times very hazardous.

The undersigned, having considered the matter carefully, is of opinion that the danger might be materially lessened, if not altogether averted, if a strip of timber on each side of the right of way was cut down and cleared up, so that there would be no forest or debris near the road which could be ignited by sparks from the locomotives, etc.

The undersigned is of opinion that in clearing up this strip on each side of the road care should be taken to manufacture the pine timber cut down into saw logs, and the spruce timber into cordwood for pulp purposes, the cedar into posts and telegraph poles, and any other variety of timber that has a merchantable value into whatever product is most likely to be saleable.

To do the work carefully and economically the undersigned is of opinion that it would be well to employ a foreman, and engage men under his supervision to do the work, paying reasonable wages.

The expenditure, it is estimated, will require about $10,000 for the present year. This expenditure was not foreseen at the time the Legislature was in session, and, therefore, no appropriation to meet it was taken. A vote might be taken at the next session of the House, but, in the opinion of the undersigned, it is expedient to proceed with the work immediately. He is, therefore, of the opinion that it is one of the classes of cases contemplated by cap. 23, sec. 9, subsection 2 of the Audit Act.

The undersigned would, therefore, respectfully recommend to His Honour the Lieutenant-Governor-in-Council that the sum of ten thousand dollars be specially appropriated for this work, and that he be authorized by Council to engage the necessary assistance to prosecute the work with vigor.

(Sgd.) F. COCHRANE,
Minister of Lands and Mines.

To His Honour the Lieutenant-Governor-in-Council.

The undersigned has the honour to report that there is no legislative provision for the above expenditure, and that it is necessary to issue a special warrant for the sum of ($10,000.00), and recommends that such special warrant be issued under the provisions of R.S.O. cap. 23, ss. 2.

(Sgd.) A. J. MATHESON,
Provincial Treasurer.

11th August, 1905.

To His Honour the Lieutenant-Governor-in-Council.

Copy of an Order-in-Council approved by His Honour the Lieutenant-Governor, the 14th day of August, A.D. 1905.

The Committee of Council have had under consideration the report of the Honourable the Minister of Lands and Mines, dated 11th August, 1905, wherein he states that the Temiskaming and Northern Ontario Railway runs through the Temagami Forest Reserve for a considerable distance, the said reserve containing a large body of white pine timber variously estimated at from three billion to five billion feet B.M. and is the largest body of white pine timber in the hands of the Crown in any one locality in the Province. The Minister further states that it would be a public calamity if this timber should be destroyed by forest fires, and that although every effort has been made during the past summer, and previously by putting fire rangers along the line of railway to protect the timber, it has been most difficult to do so, as fires have broken out at various points and the position has been several times very hazardous. The Minister is of opinion that the danger might be materially lessened, if not altogether averted, if a strip of timber on each side of the right of way was cut down and cleared up so that there would be no forest or debris near the railway which could be ignited by sparks from the locomotives, etc. The Minister is further of opinion that in clearing up this strip on each side of the railway care should be taken to manufacture the pine timber cut down into saw logs and the spruce timber into cordwood for pulp purposes, the cedar into posts and telegraph poles, and any other variety of timber that has a merchantable value into whatever product is most likely to be saleable. and to do the work carefully and economically it would be well to employ a foreman and engage men under his supervision to do the work. paying reasonable wages.

The estimated expenditure for the present year will be about ten thousand dollars ($10,000). This expenditure was

not foreseen at the time the Legislature was in Session and therefore no appropriation to meet it was taken. In view of the fact, however, that the necessity is urgent, it is expedient that the work should be proceeded with immediately. The Minister is therefore of the opinion that it is one of the class of cases contemplated by subsection 2 of section 9, Cap. 23, R.S.O. 1897 "An Act to provide for the better Auditing of the Public Accounts of the Province" and recommends that the sum of Ten thousand dollars ($10,000) be specially appropriated for the work, and that he be authorized to prosecute it with vigor.

The Committee concur in the recommendation of the Minister and advise that special warrant for the said sum of Ten thousand dollars ($10,000) be issued in favour of the Honourable the Treasurer, to be placed by him to a special account against which cheques may issue from time to time in the usual form as they may be required.

J. LONSDALE CAPREOL,
Clerk, Executive Council.

TORONTO, 2nd November, 1905.

The undersigned has the honour to report for His Honour the Lieutenant-Governor-in-Council that on August 14th last an Order-in-Council was passed authorizing the cutting and clearing of the forest on each side of the Temiskaming and Northern Ontario Railway, where it extends through the Temagami Forest Reserve, a sufficient distance back from the railway to protect from destruction by fire the valuable pine timber which exists in great quantities in that Reserve.

The sum of ten thousand dollars, on account of this service, was provided by Order-in-Council. The work has been vigorously prosecuted, and the appropriation for this purpose, of $10,000, has been exhausted. It has become necessary to make a further appropriation for this purpose, and it is estimated that at least $15,000 will be required to carry on the work to the end of the year.

The undersigned has, therefore, the honour to recommend that a special warrant be issued, under authority of R.S.O. 1897, cap. 23, sec. 9, subsection 2, for the above mentioned sum.

(Sgd.) F. COCHRANE,
Minister of Lands and Mines.

To His Honour the Lieutenant-Governor-in-Council.

The undersigned has the honour to report that there is no legislative provision for the above expenditure, and that it is necessary to issue a special warrant for the sum of ($15,000.00), and recommends that such special warrant be issued under the provisions of R.S.O. cap. 23, s. 9, ss. 2.

(Sgd.) J. J. FOY,
Actg. Provincial Treasurer.

2nd November, 1905.

Copy of an Order-in-Council, approved by His Honour the Lieutenant-Governor the 3rd day of November, A.D. 1905.
